

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

Please do not relax the restrictions on using cell phones during flights.

Aside from the safety concerns about navigation, it would just be plain annoying to have to listen to a bunch of people talking. It's already bad enough in public places. Cell phones don't have great reception so people speak louder than they would in conversation.

I have a cell phone & love it but there is a time and place for everything.

Please leave the current rules in effect.

Sincerely,

Debra Shafer
